Mr Sereno Watson

Dear Sir;

The person of whom I wrote you last week for the botanical library is not available. I therefore send you the names of two others - Miss Josephine Clark, Waltham Mass, & Mr Herbert V. Abbott, Cornwall-on-the Hudson N.Y. Both of them are college graduates and have taken one year in the library school, they have also had several months experience in cataloging since leaving us.

I regard them both students of good ability whom you could train to take charge of your library to your entire satisfaction. Yours very truly,

Mary S. Cutler
